

THE MOST ADVANCED SHARK IN THE WORLD

GREAT HAMMERHEAD SHARK

VISION
360°

ELECTRO-
MAGNETIC
**6TH
SENSE**

IMPROVED
SWIMMING
SKILLS

GREAT HAMMERHEAD
THE BIGGEST - UP TO 6.1M

SCALLOPED HAMMERHEAD
THE MOST COMMON - UP TO 4.3M

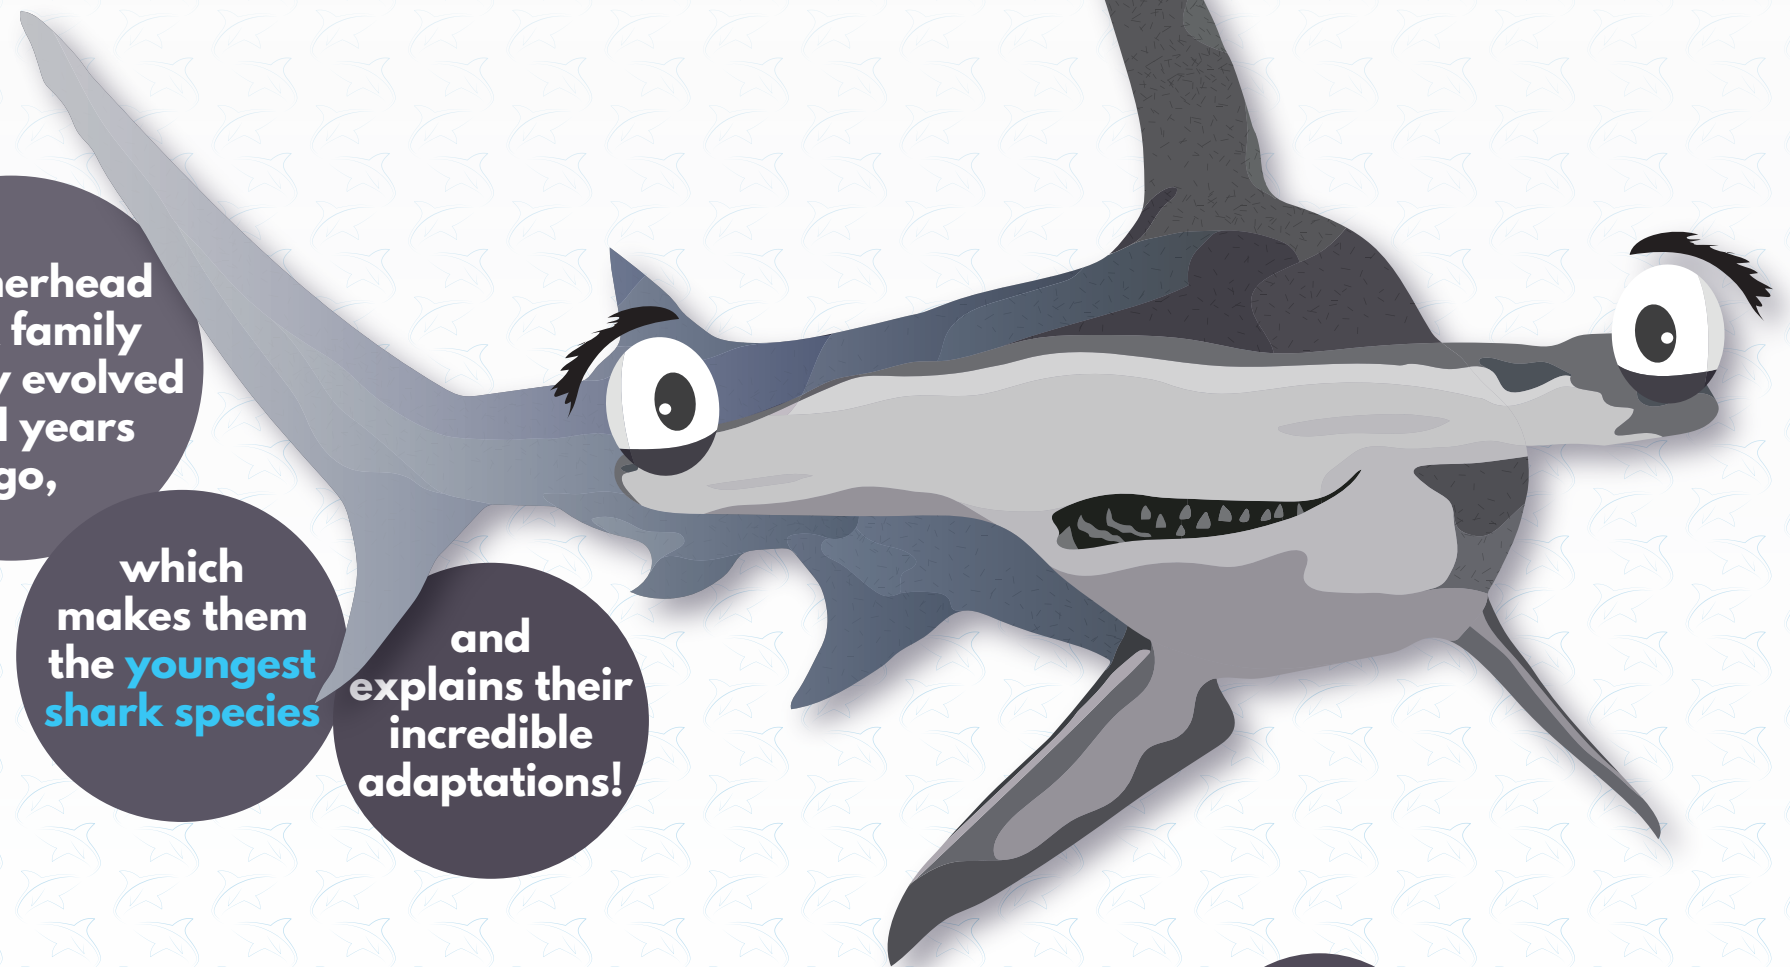

BONNETHEAD SHARK
THE SMALLEST - UP TO 1.5M

Hammerhead
shark family
has only evolved
20mil years
ago,

which
makes them
the **youngest**
shark species

and
explains their
incredible
adaptations!

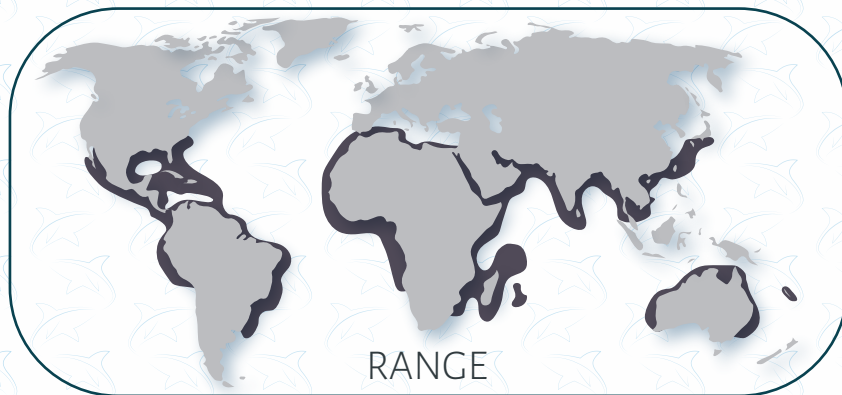

With their
unique
cephalofoil
heads, they
can...

detect
electro-
magnetic
fields of
their prey,

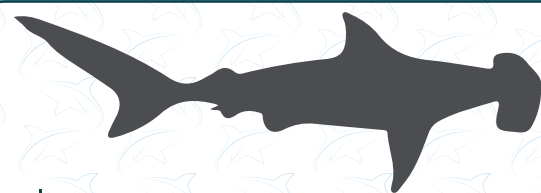

see
behind
their
backs,

turn
quicker,

and even
hold down
an escaping
stingray!

RANGE

4.6m - 6.1m (15-20ft)
